Supreme Business College is an Academies Australasia college. Academies Australasia Group Limited has been operating for more than 108 years and listed on the Australian Securities Exchange for more than 39 years. Academies Australasia has colleges in Melbourne, Sydney, Brisbane, Perth, Adelaide, Dubbo, Gold Coast and Singapore, and offers a wide range of courses at different levels – Certificate, Diploma, Advanced Diploma, Bachelor and Master Degrees.
ACCOUNTING

The Accounting sector services four main areas: commerce and industry, banking and finance, public practice and the public sector. Accountants will be found in stockbroking, auditing, finance, taxation, management of information systems and financial planning and management.

The role of the Accountant is crucial to successful businesses around the world today. Accountants determine business performance results, interpret what they actually mean, and use them as an aid in the strategic development of the business as well as forecasting results.

Our nationally recognised courses cover these areas and equip you with the skills and knowledge required to obtain employment in a wide range of accounting businesses.

COURSE INFORMATION

Our Accounting courses have been developed according to the requirements of the Financial Services Training Package (FNS15) and have been approved for delivery by the Australian Skills Quality Authority (ASQA). They are nationally recognised qualifications within the Australian Qualifications Framework (AQF).

STUDY PATH

Training is delivered in stages which correspond to AQF Levels IV-VI. The preferred pathway for a qualification is for students to complete the requirements of the previous level qualification before progressing to the next level – thereby achieving more than one qualification.

Applicants without the previous level qualification will be considered if they have relevant qualification and/or vocational experience. Please contact the College for more information.

We aim to equip our graduates with the necessary skills and knowledge to enable them to successfully satisfy the demands of the workplace.

DELIVERY & ASSESSMENT METHODS

Delivery and assessment strategies are selected to reflect the nature of the elements and performance criteria of the competency together with the needs and learning style of the participants. Qualifications are delivered over 20 hours per week, 16 hours face-to-face and 4 hours online learning.

Assessment methodology may include but is not limited to observation, project/report, case study, role play, exercises, activities, and written/oral tasks including multiple choice, questions and answer, essays, true/false and presentations.
